Summary

Computer Science Engineering student and Full Stack Developer with hands-on experience in building scalable SaaS platforms and REST APIs. Strong understanding of backend development, authentication systems, and database design. Passionate about startup product building and real-world software development.

Education

Lakshmi Narain College Of Technology & Science, Bhopal
B.Tech in Computer Science Engineering   2023 – 2027

Skills

Languages: Java, JavaScript, SQL
    Frontend: React, Next.js, HTML, CSS, Tailwind CSS
    Backend: Node.js, Express.js, Spring Boot
    Database: MongoDB, MySQL
    Tools: Git, GitHub, REST APIs, Postman, VS Code
    Concepts: OOP, DBMS, Operating Systems, Computer Networks, Data Structures

Projects

EventNest.club
College event and club management platform with authentication and admin dashboard.
Tech: Next.js, Node.js, MongoDB, Tailwind CSS
Live: https://eventnest.club

Nestely POS SaaS
QR based ordering and vendor dashboard system with multi-tenant SaaS architecture.
Tech: Next.js, Node.js, MongoDB, Express
Live: https://nestely.in

Experience

Cisco Virtual Internship – Networking / Cybersecurity   Aug 2025-Oct 2025
- Gained practical exposure to networking fundamentals, routing, and switching concepts
- Learned about cybersecurity principles, network security, and secure communication
- Worked on simulated labs involving IP addressing, subnetting, and network configuration

Cognifyz Technologies – Java / Full Stack Intern   Dec 2025 - Jan 2026
- Developed backend features using Java and REST APIs
- Worked on database integration and CRUD operations
- Improved debugging and problem-solving skills through real-world tasks
- Collaborated in an agile development environment

Full Stack Developer – Self Projects   2024 – Present
- Built and deployed multiple full stack applications
- Developed authentication systems and admin dashboards
- Designed responsive UI using Tailwind CSS
- Deployed applications using Vercel and Render

Achievements

- Built and deployed live SaaS platforms as a student
- Active GitHub contributor with multiple repositories
- Selected in the Smart India Hackathon (Internal Round)
- Participated in EUREKA and also participated in LAKECITY HACK at JLU
